2024 In Review

It was just about a year ago that we began the senior fellowship ministry at CCCC. One of the first things we did was conduct a survey asking all the seniors what they wanted from the group. The seventy-five people who responded with their thoughts and opinions helped shape the events. We used that information to assist in planning during 2024. We grouped our events into three categories— social,

educational and trips and organized activities in all three of those areas. We also decided as our Ministry Purpose Statement says that we wanted to “provide opportunities to fellowship, socialize, learn, build relationships and share the joy of our journey with Jesus”.

As we start a new year, we are very interested in your thoughts about the group and will be conducting another survey in the near future. Please take the time to complete it. We really do want to know what you are thinking and how we can better meet your needs in 2025.
